

Pattern Download Guide

DIGITAL NAIL ART PRINTER SA

1. Enter App → Click "Nail Style Store" → Wait for styles to appear on screen → Scroll through and click on the style you want.

2. Click "Buy Now" (free) → Click "Download" → Wait for download to complete (*the design has been saved into your app Gallery*).

- Push the 'back' arrow until you return to the screen where all the styles are → Note the small "Downloaded" grey sign in the top right corner after a successful style download → Once all downloads are finished, click the 'back' arrow and return to main app page.

- Click "Nail Printing" → Wait for the design that you downloaded to appear on the screen → Click on designs you want to queue for printing in the top right icon → check queue → click the 'cross' → Click "Next" to start printing process.
